

Want to **Reduce** Your Property Taxes and **Help** Your Local Schools?

Who wouldn't?
State Senator Ken Kester, that's who!

Governor Bill Ritter has proposed stabilizing local property tax rates in the School Finance Act.

If this proposal passes, the local property tax rate in Canon City will go down, reducing the property taxes of homeowners and businesses in the Canon City School District. And your schools will receive over \$550,000 in additional state funding.

But Senator Kester is opposing this plan for political reasons. Contact your State Senator and tell him to support you and your schools over party politics.

Contact Senator Kester today at 303-866-4877 or ken.kester.senate@state.co.us.
